

March 15, 2024

Ms. Marianne Graves  
Program Manager, Engineering Compliance  
Google, Inc.  
1600 Amphitheatre Parkway  
Mountain View, CA 94043

Dear Ms. Graves:

The Media Rating Council (MRC) Board of Directors has voted in favor of continuing accreditation of the Google Content Level YouTube Brand Safety and suitability controls (“the Service”) applied to YouTube in-stream Video ad serving sold through Google Ads, Display & Video 360 (DV360), and YouTube Reserve, as well as the Google YouTube Advertiser Safety Error Rate (as disclosed within the Description of Methodology) reported at the YouTube platform-level. *Note: This is inclusive of standard/skippable in-stream, in-stream select and bumper ads, and excludes video discovery, masthead, YouTube Kids, non-YouTube and Live Stream.*

Accreditation indicates that the Service complies with: (1) the *Minimum Standards for Media Rating Research* and the *Enhanced Content Level Context and Brand Safety Guidelines* published by the MRC; the *Ad Verification Guidelines* published by the Interactive Advertising Bureau (IAB); (2) the procedures described in Google’s answers to the MRC questionnaire; and (3) the procedures described in procedure manuals and textual materials included in reports of the Service

We congratulate you on maintaining this important Industry standard of quality, and we look forward to continuing our work with Google in the years ahead.

Sincerely,

A handwritten signature in black ink that reads "George W. Ivie". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

George W. Ivie  
Executive Director/CEO
